## **Adams Broadwell Joseph & Cardozo - INDEX**

### **PDF Page # Description**

---

1	<b>Adams Broadwell Joseph &amp; Cordozo comments, cover letter</b>
2	I. Interest of Commenters
3	II. The City's responses to comments are inadequate
5	III. The City's application of federal preemption is overbroad & conflicts with the constitutional exercise of traditional police powers
12	IV. The city still lacks substantial evidence to support its conclusions in the FEIR regarding the project's significant impacts and still fails to incorporate all feasible mitigation measures necessary to reduce such impacts to a less than significant level
36	V. The FEIR still fails to analyze all feasible alternatives
38	VI. The FEIR fails to disclose the project's inconsistencies with the City's general plan
40	VII. The FEIR fails to disclose the project's inconsistencies with the general plans of uprail cities and counties
43	VIII. Conclusion
44	<b>Attachment A: Findings for denial (Exhibit C)</b>
57	<b>Attachment B: Responses to Adams Broadwell Joseph &amp; Cordozo comments</b>
60	<b>Attachment C: Dr. Phillis Fox, Comments on FEIR</b>
62	I. Summary & Conclusions
65	II. Failures to analyze air quality impacts on different types of crude
71	III. Underestimate of ROG estimates
85	IV. Southern route not analyzed
97	V. Alternatives to the project
98	VI. Mitigations not required
106	<b>Attachment D: Dr. Petra Pless, Review of FEIR</b>
107	Cover letter
108	I. Inadequacies of project description & EIR analyses not adequately supported
112	II. Failures to mitigate air quality impacts - construction
119	III. Failures to mitigate air quality impacts - operations
164	IV. The EIR's Health Risk Assessments Are Substantially Flawed and Fail to Identify Significant Impacts
181	V. Recommendation
182	Attachment F-1, REVISED ASSUMPTIONS FOR Year 2014 Daily Line Haul Locomotive Criteria Pollutant Emissions -100 Railcars per Day per EIR Methodology
185	Attachment F-2 Project characteristics, assumptions, and locomotive emissions according to Phillips 66 SMR CBR FEIR and Valero Benicia CBR FEIR
187	Locomotive Emissions
