

## **Kari Birdseye: courage, heart and commitment**

By Constance Beutel, October 13, 2018

I've lived in Benicia for 29 years. I moved here when Pacific Bell moved from San Francisco to San Ramon. A dear friend and colleague would invite me to various community events in the city, Peddler's Fair and the Christmas walk. I knew that I wanted to live in a community that was so beautifully situated and vibrant, and I have never regretted my decision! Because I care for the intelligent economic development of our city that gets in tune with the new jobs, opportunities of the 21st century that will build and sustain our growth; and because I know that we have to prepare our city for the climate and populations changes that are forthcoming, I am supporting and voting for Kari Birdseye.

She has not accepted any Political Action Committee campaign donations; She has a history of unselfish civic contribution to our City as PTA President of Matthew Turner School, as a member of the Benicia Human Services Board, as a commissioner and now Chair of the Planning Commission.

Kari Birdseye has the courage, heart and commitment to work collaboratively to serve as a Benicia City Council member. Please vote for Kari Birdseye.
