LEARN HOW TO OPT OUT. INFO ON REVERSE

# EXERCISE YOUR RIGHT as a consumer by opting out of Shell Oil's new plan.

**THE CITY COUNCIL HAS VOTED TO MAKE SHELL OIL THE CHIEF ENERGY SUPPLIER** for our city through a program that is misleadingly called 'Marin Clean Energy'. While the program sells itself as green, the data on file shows that it will increase greenhouse gas emissions — and Shell's profits.

The deal our city politicians cut will automatically enroll us in the new program. You won't be given a choice — but you can opt out. Here's how:

**Opt out** by calling 1 (888) 632-3674 or online at [www.mcecleanenergy.org/opt-out](http://www.mcecleanenergy.org/opt-out) —you'll need to have your PG&E bill or your PG&E account number and billing address on hand.

**Say "S'Hell No!" by opting out today.**

Visit [www.StopTheShellShock.org](http://www.StopTheShellShock.org) for more information.
